## Production Experience

### Okoboji Summer Theatre

June 2024 - August 2024

During the course of this summer theatre I participated in 4 of the 7 shows apart of the production. I was an ASM, lightboard operator, follow spot and a sound board operator. As well as hung and focused lights for 3 of the 7 shows. Working in the air for the majority of the time.

### Maples Repratory Theatre

September 2024

I was hired for a weekend to work as an electrician for an upcoming show at this company. I helped the designer hang and focus lights in the theatres front on house boxes and the lights on stage.

---

## DESIGN EXPERIENCE

### The Wizard of Oz- Directed by Jennifer Hemphill Props Designer- Macklanburg Playhouse

Novemeber 2024- Present

As the designer for this musical I have generated a list of props with the help of the stage manager and the director. I have pulled purchased and built props for the musical.

### Clue On Stage- Directed by John Hemphill Lighting Designer- Macklanburg Playhouse

Septmeber 2024-October 2024

As the designer I worked on creating my own light plot of the theatre, that dealt with lighting instruments, gels and gobos. I hung all the instruments and made an a detailed magic sheet of my systems. As well as addressing all the lights, and programming the cues and special effects for the Play.

### Enemy of the People- Directed By LR Hults Lighting Designer- Warehouse Theatre

September 2023- October 2023

I put lots of work into the Warehouse space for this show, including recircuiting the system, and making it a rep plot for future student use. Being an older system I programed on an older board to make a whole show come to light.

## KEY COMPETENCIES

---
